1. Purpose

The China Navigation Company Pte Ltd ("CNCo") aims to create long term value for our shareholders. Achieving this depends on the sustainable development of our businesses and the communities in which we operate.

To achieve sustainable development, we aim:

- To achieve net zero impact on the environment;
- To cause zero harm to our stakeholder communities and assets under our stewardship;
- To excel as corporate citizens.

2. Policy Statement

Sustainable Development is defined as "development that meets the needs of the present without compromising the ability of future generations to meet their own needs". In CNCo this is delivered through our leadership in environmental, health & safety, employment, business partnerships and community matters in the industries and locations in which we operate.

All companies in which The China Navigation Company group has a controlling interest will have action plans for applying this policy in a way which is relevant to their business.

CNCo will encourage other companies in which we have an interest as a shareholder or through our supply chain to implement similar policies.

CNCo will encourage and empower our staff to be proactive on sustainable development matters both at work and in the community.

CNCo will monitor our performance and report regularly. We will review this policy periodically, having regards in particular to stakeholder dialogues.

This policy is further supported by the following:
